VACANCY –URBAN REGENERATION PROJECT CITY OF COLOMBO

More than half of Colombo's population resides in shanties, slums, or deteriorating housing schemes. Relocating these families to new, standardized housing will be a crucial step in transforming Colombo into a world-class city. This initiative will contribute to creating a clean, attractive environment that aligns with the goals of the city's development plan. To achieve these goals, the UDA has launched a program to construct 50,000 housing units for the relocation of underserved communities in Colombo and its suburbs.
